

Secure On-line Ordering & Special Requests

The Internet lets you receive your prints in approximately 1 WEEK.

Pictures are uploaded within 1-2 days to the FOREVER YOUNG web site where you can

- inspect the images,
- select your favorites,
- determine the print sizes and quantities desired,
- personally specify any "cropping" to highlight desired points of interest, and optionally
- select from a wide range of custom mounting and framing materials.

In all, we offer almost **300** different digital image products (prints, mugs, calendars, etc). Payment can be made online through a secure payment system using PayPal, Visa, Mastercard, or Discover. Final prints are then typically shipped by USPS or FedEx directly to the address YOU specify.

Any special requests, or personalized image manipulation, can be arranged by contacting FOREVER YOUNG prior to ordering. These include blemish and braces removal, additional image processing, and any "special" handling required for print "packages" that may be available.

FOREVER YOUNG PROFESSIONAL PHOTOGRAPHY

Let US make it easier on YOU

Life passes too quickly. Did you capture it?

Jimmy's championship soccer game, Sarah's high school graduation, your first baby, Billy's first Christmas...all significant events in one's life. Rather than "packing up" one-and-all, and waiting at a crowded studio, let Robert Young come out to YOUR home, office, or event location and preserve YOUR memories with professional photographs made in familiar and comfortable surroundings.

FOREVER YOUNG will set up our portable studio at your location saving you both the time and the trouble normally experienced in getting professional photographs.

We can utilize either digital or film systems depending on your requirements.

We specialize in pregnancy, newborn, children, family, pet, sports, special event, and commercial photography.

Final Prints

For your event and general portraiture pictures, we offer nearly 30 standard digital print sizes. For standard color E-surface or Metallic paper, choose from prints up to 30x40 in size, and up to 20x30 on True Black & White paper. We use only professional printers (NOT you local drug store outlet) with high quality Kodak Endura and Ilford B&W papers. Years of experience in color management give us the ability to create the best finished print in the industry ensuring your prints turn out just right.
